

**JERRY TEMPLE AVIATION, INC.**

P.O. BOX 580, FRISCO, TX 75034

# One Word of Advice.

## **The Word: Advocate**

A simple definition is a person who argues a cause; supporter or defender. In other words, the guy in your corner.

## **The Point**

An aircraft is a complex machine costing hundreds of thousands of dollars. The personal liability is significant. Isn't it prudent to have an experienced professional managing the process of buying or selling the aircraft?

## **Your Advocate**

Armed with thirty years of experience, JTA provides buyers the assurance of satisfaction, safety and sound business decisions by thoroughly investigating an aircraft's history, determining the true market value, overseeing the inspection process and analyzing the often underrated investment aspect. For sellers, JTA provides professional marketing support, assuring a fair market value for the aircraft.

*When the time comes to sell or purchase a twin Cessna, Conquest I/II or Citation Jet, consider the professional services of Jerry Temple Aviation.*
