Dear Jerry,

I want to compliment you on your professional ability to market airplanes.

I made one telephone call to you after I received your letter concerning the possible sale of my Cessna 340A and you immediately went to work for me. Within thirty days you had it sold.

You took care of all the paperwork...of which there was a considerable amount. You arranged for the transfer of the title with the FAA. You handled the pre-purchase inspection with people who were very knowledgeable. You also came to the airport, inspected the plane personally, took pictures, listed all of the equipment and went through the log books.

I appreciate the many other services you rendered that I have not mentioned and appreciate all of the work you did.

I am very happy to recommend you to any one who might wish to buy or sell an airplane, and thank you for your services.

Very truly yours,

Robert W. Anderson
