Frisco TX 75034

Dear Jerry,

I'd like to take a moment to thank you for your great service during the sale of our 1979 Cessna 340A.

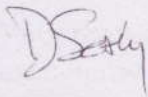

Your professionalism is "seldom equaled and never excelled". For a broker to fly across the country to take photos and videos is nearly unheard of these days. After checking with other brokers, I know that all most of them want is to make a quick sale.

When the sale finally started to come together, you really went the extra mile to stay with the plane, the paperwork, and bring it to completion. Everything you told me during the sale was absolute fact, and everything happened exactly the way you said it would.

It's no surprise why you have become the "guru" of twin Cessna aircraft. Your reputation is stellar and is an asset to the industry.

Thank you again for your help.

Sincerely,

Dan Sealy
